PROFESSIONAL EXPERIENCE

HYPE

Atlanta, GA

Lead Instructor

June 2020 - July 2020

- Taught under-resourced students (particularly students of color) the fundamentals of computer science and introductory coding in a series of remote bootcamps throughout the summer of 2020, in a class size of 15-20 students, ages 11-17.
- Provided education, career resources, exposure and opportunities to our Teacher's Aides (previous students themselves), and offered support needed to build their interest in coding and computational thinking.

Benchmark Human Services

Helena, MT

Human Resources Generalist & Office Manager

February 2017 - May 2019

- A nationwide company that provides services for children and adults with physical, mental and behavioral disabilities in reaching their maximum potential
- Recruit, hire, train, and evaluate employees to work in high-behavior group homes for adults with developmental disabilities and mental illness.
- Provided human resources program development for secondary market specializing in early childhood intervention in Montana in January 2018 and Montana specific corporate policy design
- Worked with the Montana Department of Health and Human Services to ensure compliance for both clients and employees.

Village Health Wellness Spa

Atlanta, GA

Director of Operations; Spa Manager

October 2009- November 2016

- A wellness spa, providing acupuncture, chiropractic, skincare, and massage therapy services, that was rated as Google's number 1 spa in 2015/2016.
- Directed day to day operations, employee management, training, policy development and human resources including payroll, for three locations, five departments, and pay structures for 40(+) employees and 5(+) contractors.
- Director of customer relations, with strength in high-stress client conflict resolution
- Assisted in designing and analyzing digital and print marketing campaigns for a database of 24,000+ clients
